Dedication

Mr. A. Mason Mann

We the Senior Class of 1966 dedicate this yearbook to Mr. A. Mason Mann. This is Mr. Mann's final year of education. He first began teaching thirty-nine years ago at Hinton High School. Throughout his career, he functioned in many different capacities. While at Amherstdale High School in Logan County, he served as a principal. It was in 1926 that he first came to Elkview High School, where he stayed for thirty-two years. He was away from Elkview two years, during which he was the principal at Quick Junior High. During World War II, he served three years as an enlisted man in the signal corps, then returned to the high school. For about fourteen years he was the dean at Elkview High School. At present, he is the Vice-Principal at Hoover, and this is his third and final year in that capacity.

As we endeavor to relate this long and successful career, we realize that this is a man who has influenced the lives of numerous young people, and made many contributions to our community. Although he is leaving, he will be remembered in the years to come.

Foreword

*"O there are voices of the Past,
Links of a broken chain,
Wings that can bear me back to times
Which cannot come again;
Yet God forbid that I should lose
The echoes that remain!"*

The PRESIDENT staff presents herewith, for your approval and enjoyment, the 1966 edition of the PRESIDENT. In compiling these pages, we have tried to include the numerous events and accomplishments which have highlighted this school year. It is our hope that you will treasure the many memories which this book will provide you through the years to come.

Psalm 23

*The Lord is my shepherd; I shall
not want.*

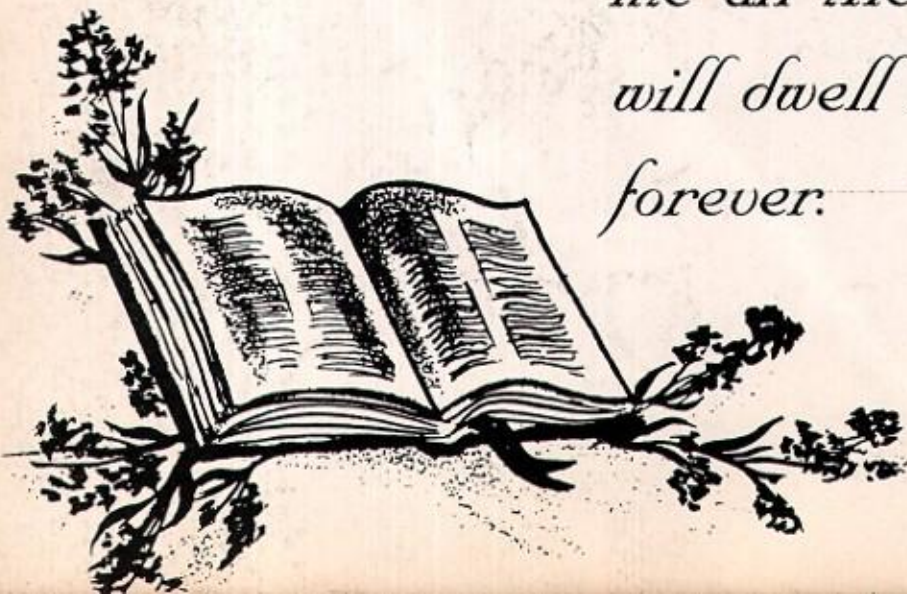

*He maketh me to lie down in
green pastures: He leadeth me beside
the still waters.*

*He restoreth my soul: He leadeth
me in the paths of righteousness for
His name's sake.*

*Yea, though I walk through the valley
of the shadow of death, I will
fear no evil: for Thou art with me;
Thy rod and Thy staff they comfort me.
Thou preparest a table before me in
the presence of mine enemies: Thou
anointest my head with oil; my cup
runneth over.*

*Surely goodness and mercy shall follow
me all the days of my life: and I
will dwell in the house of the Lord
forever.*

The candidates for President and First Lady of Herbert Hoover High School are considered to be the IDEAL high school seniors and the builders and leaders of a better school.

This year each teacher was allowed to nominate a boy and a girl for this honor. The teachers later voted on all the nominees. The six boys and six girls who received the highest amount of votes were interviewed by Mr. Walter Snyder, the Superintendent of Kanawha County Schools. Principal William H. Calhoun then announced the names of the President and First Lady for 1965-1966 during a special assembly on the afternoon of January 28, 1966.

ATHLETIC COMPETITION

Interscholastic athletics are now an accepted and highly desirable part of the educational program. The growth of interscholastic athletics has been a rapid but also a rather rocky one. The role it now plays in the total school program has been the result of years of tedious development by conscientious and dedicated professional people.

Why has the interscholastic program grown so rapidly? Many factors are involved in answering this question but primarily it has been the great appeal that competitive athletics have made on the participant, the student body and the community. Athletic competition has come to be an American tradition and institution. The desire to compete on an organized, friendly, and safe basis has brought students flocking to the programs. Each year there is a steady growth in the number of participants and the quality of the game has improved correspondingly.

A prime question often asked is "What does the athlete achieve from his participation?" The answer will vary from one individual to another but there are many desirable possibilities. He develops physically; learns desirable habits in health, and safety; learns good sportsmanship; develops real friendship with squad members and opponents; learns the meaning of discipline and to take orders and carry them out; learns to control his nerves and feelings; to work out problems for himself; to smile in the face of defeat and discouragement; to be humble as a victor; and to play by the rules of the game as he will have to play by the rules of life. All of these and more may be achieved and each may be instrumental in the development of the individual as a worthy member of our society.

The athlete gains much from his interscholastic experiences but most important of all to him is that he has enjoyed himself by playing. The self satisfaction, the friendships obtained, the experiences faced, and the memories from his participation will never be forgotten but will grow as his life grows year by year. He will always be thankful for his high schools interscholastic athletic program. --Coach Carlton Gandee
